

### **ACPS Charging Policy**

A new policy for charging meals will be implemented in the cafeterias beginning January 6, 2015. The updated meal charging policy is as follows:

- Students at all schools can charge a full meal of their choice, up to \$15.00, in each cafeteria.
- After reaching \$15.00 in charges, students at APS, AES, and AMS will be charged for a USDA approved alternate meal of a sandwich, fruit, and milk at the regular meal price.
- Charges in excess of \$15.00 will not be allowed at ACHS.
- A weekly call will go out, via the app, notifying parents if their child owes money.
- Parents and students will be notified by the Cafeteria Manager when the child is close to the \$15.00 limit.
- Once a student owes \$30.00 on their cafeteria account, the division Food Service Department will contact parents directly with a letter or call.
- Students who owe over \$5.00 may be unable to attend certain reward activities.
